

## UNSW Minerals Scholarship Program

### New Scholarships worth \$1.14m over 4 years

The School of Mining Engineering is pleased to announce **25 new scholarships available to students commencing 1st and 2nd year studies in Mining Engineering** (or Mining Engineering dual degrees) in 2017.

#### Background

Given the cyclical nature of the minerals industry, support is needed to ensure a steady intake of undergraduate students into the Mining Engineering program, and subsequently provide enough graduate mining engineers to industry.

The NSW minerals industry has been a significant supporter of Mining Education at UNSW and wishes to increase this support to further encourage students into the industry.

#### Outline

The NSW Minerals Industry/UNSW Education Trust is offering students of exceptional academic ability the opportunity to undertake the Bachelor of Mining Engineering at UNSW.

#### Value

- \$12,000 per year for 4 years
- Scholarship holders will also receive assistance in securing Industrial Training placements
- 25 Scholarships available in 2017
- Applications close 31 January, 2017
- Apply at: [scholarships.unsw.edu.au](http://scholarships.unsw.edu.au)

#### Eligibility

To be eligible, applicants must:

- Be an Australian Citizen or Australian permanent resident; and
- Be eligible for entry into the undergraduate engineering program at UNSW in 2017
- Be commencing full-time in their first year or second of study in mining engineering (single or dual programs) at UNSW.

*Note: The Bachelor of Engineering (Honours) (Flexible First Year) is also eligible for this Scholarship.*
